20TH CENTURY WORKPLACE

Swasti Dadhich, Mahin Master, Thura Naing

THE ALGORITHMIC WORKPLACE

"In less than a decade the on-demand economy, a labor market characterized by **short-term contracts** where **work is coordinated through algorithms**, has radically reshaped organizations, employment relationships, workers' lives, and consumer behaviors."

Lindsey Cameron in *The Rise of Algorithmic Work: Implications for Organizational Control and Worker Autonomy*

OUR PARTNER

Professor H.C. Robinson

Associate Professor of Law and Sociology, Northeastern University School of Law
